

河村 陽二

Yoji Kawamura

シニアコンサルタント

Senior Consultant

金沢大学工学部土木学科を卒業後、静岡県庁に土木職員として入庁。街づくりや土木事業の計画・設計・現場監理などに 10 年間従事したのちに、開発コンサルタント会社に転職。インフラ開発、地域総合開発計画を専門とし、モンゴル国国家総合開発計画策定プロジェクトでは副総括を努めている。モンゴル案件では SDGs（持続可能な開発目標）とモンゴルの政策文書を分析・整合させる作業を実施するなど、SDGs の専門家でもある。

現在、モンゴル案件と並行して、ブータン中南部地域計画策定プロジェクト、及び、さいたま市 SDGs 企業活動促進事業支援業務においてプロジェクトマネージャーを務めている。

プロジェクト実績は、スーダン水資源監理能力強化、ミャンマー国地方インフラ、ミャンマー国少数民族のための南東部地域総合開発等。

Biography :

After graduating from Kanazawa University with a degree in civil engineering, he joined the Shizuoka Prefectural Government as a civil engineering expert. After working for 10 years in planning, design, and supervision of construction site in many urban and regional development projects, he moved to a development consulting company. He specializes in infrastructure development and regional comprehensive development planning and is in charge of a deputy team leader of “The Project for Formulation of National Comprehensive Development Planning in Mongolia”. He is also an expert on the SDGs (Sustainable Development Goals), having analyzed and harmonized the SDGs with Mongolian policy documents in the Mongolian project.

Currently, in parallel with the Mongolian project, he is working as a project manager for “The Project for Formulation of Southern Central Regional Plan in Bhutan” and The Project for Promotion of Corporate Activities on SDGs in Saitama City.

He has many project-experience such as “Integrated Water Resource Management in Sudan”, “Rural Infrastructure Development in Myanmar”, and “Comprehensive Development of Southeast Region for Ethnic Minorities in Myanmar”, etc.
